**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to 47
U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

I have been using a small and growing ISP for my telephone and Internet service since April 2003. This ISP CLEC is dependent on the ILEC AT&T for the physical plant. The ISP provides TRUE unlimited bandwidth, does not block any service ports, and has an incredible support staff that fixes issues immediately. Loss of this CLEC will have major financial implications for me personally.
